

THE FUTURE OF LIVING DEFINED

SAFETY - Unity City agrees each member is entitled to live in a safe, clean and healthy environment. Unity City is committed to make sure each resident can feel comfortable knowing they are living in a community that values safety in every possible way. We will ensure safety from ideal placement of handrails, proper lighting and no trip & slip zones.

AFFORDABLE - Unity City is committed to insure each resident has access to affordable living. Each person who moves into Unity City will pledge resources to cover living expenses. Our culture recognizes all assets will be considered as a way to contribute to the project. Our goal is to help all residents live worry free when it comes to expenses.

ENTERTAINING - Unity City recognizes the joy of living is often sprinkled with fun, joyful moments created by being entertained. Our Team is committed to providing residents several options when it comes to being entertained. We use live performances, movies, comedy, special events, road trips, outdoor adventures and guided tours to exotic places.

TECHNOLOGICALLY ADVANCED - Unity City has the science and technology to deliver healthy living with networked systems and wellness programs dedicated to improving the quality of living for its residents. From clean drinking water to purified air to exercise and relaxation techniques, our programs and systems deliver valuable information to insure each resident has the best chance to live a long healthy life.

EDUCATIONAL - Unity City offers residents an in-depth look into the research, facts and solutions that can provide each and every resident a personal health management program that will address their specific individual needs. Our educational program includes personal health assessments, mobile software and individual training programs.

HEALTH ORIENTED - Unity City strives to provide each resident the promise of a healthy living environment. As each resident stays true to their commitment to live a healthy active lifestyle, Unity City will reciprocate and provide needed health & wellness services.

UNITY CITY . . . COMMITTED TO A BETTER WAY A LIFE
